

DEODORIZES DUMPSTERS & TRASH BINS · CONTROLS MOSQUITOES, FLIES, GNATS, NO-SEE-UMS

DIRECTIONS FOR USE:

Use in and around trash collection bins, cans or dumpsters. When the trash container is empty, spread **NO FLYZ**® on the bottom of container. Reapply with every 12 to 36 inches of trash added to the container. Apply to the ground around the trash receptacle. Repeat after each service and keep trash can lid closed for best effect. For collection trucks, scatter into truck bed and hopper when the container is empty. Do not use in food production areas. Use only as directed. Outdoor use only.
