Fear. Less. At Home Or Away.

Few insects cause as much fear among consumers as bed bugs. And with good reason — they're tough to control, often resistant to synthetic insecticides and spreading rapidly across many parts of the country.

Now there's a convenient, effective and natural solution to bed bug worries: Essentria™ Broadcast Insecticide for Mattresses, Carpet and Furniture and Bed Bug Repellent Travel Size. With these products, your customers will be protected not only at home, but also while traveling — the source of most new bed bug infestations.

Essentria bed bug killer products contain all-natural essential oils that work fast, effectively and are FIFRA 25(b) exempt. By offering a tandem package of Broadcast Insecticide MCF for home use and Bed Bug Repellent for travel, you'll provide peace of mind for customers at home and away.

Key Performance Benefits

Fast knockdown and kill of adult bed bugs, fleas, dust mites and their eggs

Unique mode of action controls pyrethroid resistant strains

An excellent choice for sensitive accounts and interior applications for residential and commercial accounts

Bed Bug Repellent Travel Size is TSA compliant for the carry-on traveler

National Organics Program (NOP) compliant

BED BUG REPELLENT

TRAVEL SIZE

Fast Knockdown and Kill:

Essentria Broadcast Insecticide for Mattresses, Carpets and Furniture provides unparalleled knockdown and kill. The quick knockdown provides visual confirmation that the bed bug has been affected by the spray. Rest assured these pests are down for the count.

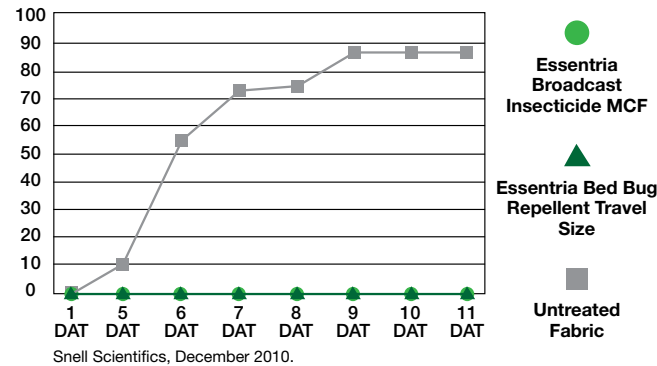

Knockdown and Mortality of Field-Collected Bed Bugs When Exposed to Essentria Broadcast Insecticide MCF

Ovicidal Properties:

Multiple research studies have shown that once bed bug eggs come in contact with Essentria Broadcast Insecticide for Mattresses, Carpet and Furniture, they do not hatch, thereby breaking the lifecycle. With this type of security, you can have peace of mind that you will not have to spend time and money on a retreat as a result of hatching bed bug eggs.

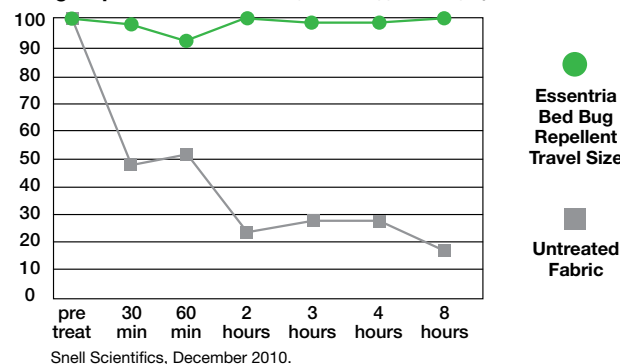

Percentage Egg Hatch of Bed Bugs When Exposed to Essentria Bed Bug Repellent Travel Size

Bed Bug Repellent:

Help your customer help themselves. Essentria Bed Bug Repellent will allow your customer to sleep easily while travelling, knowing their luggage is protected against hitch hiking bed bugs.
