

Protect your greatest investment.

A homeowner who discovers termite damage will spend an average of \$3,000+ on home repairs – something rarely, if ever, covered by homeowners insurance.

- Swarming
- Damage to windows
 and door frames
- Shelter tubes around your foundation
- Hollow-sounding baseboards
 and flooring

Fast discovery. Fast consumption. Fast colony elimination. Our bait stations are designed to be the best – and paired with a bait they can't resist, termites just can't keep up.

Strategically installed around your home, our bait stations create a ring of protection that leads to colony elimination.

Ask your pest management professional for the right BASF termite solutions.
